D.O No P-17028/1/2006/P-III

23rd May, 2018

Sub: Submission of long pending Action Taken Report (ATR) on NQM observations-regarding.

Dear Sir/ Madam

As you are aware provisions under para-11.6.3 of PMGSY Operations Manual envisages that Action Taken Report (ATR) on NQM observations should be furnished within a period of one month of NQM inspections. Only in few cases it is possible that some time may be required to complete the actions on NQM observations due to nature of defects observed and due to stay orders of courts.

2. In this regard, the status of pendency of ATRs at State level was reviewed from the OMMAS data, during November 2017. It emerged that though most of the States were promptly furnishing the ATRs on NQMs observations, in some States, ATR submission was taking larger time. It was felt that a special drive needs to be taken as SRRDA level to liquidate all long pending ATRs. Therefore, it was decided that all pending ATR for the projects inspected by NQMs during period November, 2010 to March 2013 (*more than 5 years*), may be furnished with the recommendation of CEO of SRRDA, latest by December, 2017. As regard to the projects inspected by NQMs during April, 2013 to March 2015 (*3 to 5 years*), it was decided that these ATRS were shall be furnished with the recommendation of Chief Engineer, latest by January 2018. The same was communicated to the concerned States vide my D.O letter dated 09th November, 2017.

3. The progress made by the States in this regard was recently reviewed at NRRDA. It emerged that in some States, there are still significant number of projects, with inspection date prior to April 2015, for which ATRs are still pending. In some cases, ATRs are pending for more than five years and has also outlived its initial 05 years maintenance contract. A list of such works, inspected during November 2010 to March 2015 generated from OMMAS, is enclosed. You would agree that if an ATR is pending for more than three years, without valid reasons and could not be liquidated in spite of best efforts, it must be having defects which are not easily amenable to rectification.

....2

.. 2 ..

4. Therefore, NRRDA is constrained to initiate the process of notifying these projects as having defects of non-rectifiable nature. If the ATRs of all these projects are not received by 15th July, 2018, the expenditure incurred in these projects would be treated as infructuous and the States would be required to deposit the equivalent amount in the Programme fund of SRRDA as per NRRDA letter dated 28th June, 2013. In view of above, I would request to accord top priority to the matter.

with best wishes.

Yours sincerely,

Encl. As above

Alka
(Alka Upadhyaya)

To:

Principal Secretary/Secretary in the 17 States:

[Andhra Pradesh, Arunachal Pradesh, Assam, Bihar, Himachal Pradesh, Jammu & Kashmir, Jharkhand, Kerala, Mizoram, Nagaland, Odisha, Sikkim, Tripura, Uttar Pradesh, Uttarakhand, West Bengal and Telagana].
